

English

In English we will be looking at:

- Mystery Stories
- Short by Kevin Crossley-Holland
- Literacy Shed—Alma

Maths

In Maths we will be looking at:

- recognise that shapes with the same areas can have different perimeters and vice versa
- recognise when it is possible to use formulae for area and volume of shapes
- calculate the area of parallelograms and triangles calculate, estimate and compare volume of cubes and cuboids using standard units, including cubic centimetres (cm^3) and cubic metres (m^3), and extending to other units [for example, mm^3 and km^3]
- describe positions on the full coordinate grid (all four quadrants)
- draw and translate simple shapes on the coordinate plane, and reflect them in the axes
- use, read, write and convert between standard units, converting measurements of length, mass, volume and time from a smaller unit of measure to a larger unit, and vice versa, using decimal notation up to three decimal places
- solve problems involving the calculation and conversion of units of measure, using decimal notation up to three decimal places, where appropriate

Many Thanks

Mr Hawksworth

Investigators

Welcome back to school!

Our next IPC unit this year is Investigators. During this unit we will be looking at how different parts of your body function and how humans are different from other animals.

Please talk to your child about their learning and support them in looking at issues happening around the world.

Class Information

Year 6 will need their PE kits on a **Monday** and a **Wednesday**.
Spelling rules will be given on a Monday to practise for Friday.
Timestable Rockstar homework will be set on a Monday for completion by Friday.

The children will be receiving new reading books early in the term as part of the accelerated reader scheme.

In Science we will:

- About several ways to investigate in science
- How to make sure our investigations are well designed and reliable
- Ways to: collect, record, interpret and present our findings
- About several materials and their properties

In International we will:

- About the international police organisation: Interpol

In Computing we will be learning about:

- Appy Times - Design a piece of wearable technology that links with a smart phone app.

In PE we will be learning about:

- Pairs Cricket - children will consolidate their knowledge of the rules of cricket and develop the skill of striking, bowling, outwitting opponents and using space appropriately.
- Long and Thin, Short and Fat - children will consolidate their knowledge of the game of tennis and develop the skill of striking the ball accurately and creating space to attack.

In French we will be learning about:

- A weekend with friends - what would you like to do, would you like a sleepover, midnight feasts and are you going to the cinema.

In RE we will be learning about:

So, what do we now know about Christianity?

- This unit mainly focuses on consolidating pupils' knowledge and understanding of Christianity. There is also, however, some opportunities for pupils to respond to puzzling/interesting questions raised by their study of Christianity. These can be discussed and help develop Critical Thinking.
- There is also opportunity for pupils to reflect on their own feelings, beliefs, values and ideas as a result of their learning about the RE concepts - Personal Reflection.

In P.S.H.E we will be learning about:

- Healthy Me
