

English

In English we will be looking at

- Poetry
- Who Let the Gods Out - Maz Evans
- Spelling
- Identifying word classes , use on conjunctions, punctuation
- Comprehension activities
- Guided reading

Maths

In Maths we will be looking at

Unit 3: Addition and subtraction

- add and subtract whole numbers with more than 4 digits, including using formal written methods (columnar addition and subtraction)
- use rounding to check answers to calculations and determine, in the context of a problem, levels of accuracy
- add and subtract numbers mentally with increasingly large numbers
- solve addition and subtraction multi-step problems in context, deciding which operations and methods to use and why
- estimate and use inverse operations to check answers to a calculation

Our second IPC unit this year is Fascinating Forces. During this unit we will be looking at forces. We will discover that forces are pushing and pulling at everything in our Universe. Even as we sit in our classroom, the walls and the ceiling are pushing and pulling at each other, while gravity and friction hold us in our seats. You may not have thought about these pushes and pulls before because they are largely invisible but they are working on us all the time

Class Information

Year 5 will need their PE kits on a **Tuesday** and a **Friday**.
Homework will be given on a Friday and is due back to school on a Wednesday.
Spelling rules will be given on a Monday to practise for Friday.
All children have been given a reading book from our Accelerated Reading scheme. This book needs to be in school each day. Children still need to be reading at home and having their reading record signed at least three times a

In History we will:

- Primary source use - ask questions about primary sources, make inference.
- Looking at interpretations/ representations of the past
- develop an awareness of the key features of the past, use dates and key terms as appropriate with increasing accuracy.

In International, we'll be finding out:

How countries use natural forces as energy

In Technology we will

- Be able to devise and use step-by-step plans
- Be able to consider the needs of users when designing and making
- Be able to select the most appropriate available tools and materials for a task
- Be able to work with a variety of tools and materials with some accuracy

In PHSE we will be studying: Being Me in my World

- My year Ahead
- Being a citizen in my country
- Rewards and consequences
- Learning Charter

In Science, we'll be finding out:

- How a ball flies through the air
- How different objects fall
- What gravity is and how it pulls on objects
- How air resistance affects moving objects
- How water pushes up on floating objects
- Why some objects float and others sink

In French we will study the unit :On Holiday

- Where are you going and staying
- At the zoo and beach
- At the theme park

In PE we will be

- Playing Hi Five Netball
- Throwing, catching, defending, shooting and marking

In computing we will be:

Autumn 2: Micro:Bit

In RE we will

- What are the themes of Christmas?
