### Filtering and Monitoring

**Note: A guide for education settings about establishing 'appropriate levels' of filtering and monitoring can be found at: <https://www.saferinternet.org.uk/advice-centre/teachers-and-school-staff/appropriate-filtering-and-monitoring>**

#### i **Decision Making**

- Yohden Primary School governors and leaders have ensured that our setting has age and ability appropriate filtering and monitoring in place, to limit learners' exposure to online risks.
- The governors and leaders are aware of the need to prevent "over blocking", as that may unreasonably restrict what can be taught, with regards to online activities and safeguarding.
- Our decision regarding filtering and monitoring has been informed by a risk assessment, considering our specific needs and circumstances.
- Changes to the filtering and monitoring approach will be risk assessed by staff with educational and technical experience and, where appropriate, with consent from the leadership team; all changes to the filtering policy are logged and recorded.
- The leadership team will ensure that regular checks are made to ensure that the filtering and monitoring methods are effective and appropriate.
- All members of staff are aware that they cannot rely on filtering and monitoring alone to safeguard learners; effective classroom management and regular education about safe and responsible use is essential.

#### ii **Filtering**

- Education broadband connectivity is provided through **Durham County Council**.
- We use **Smoothwall** which blocks sites which can be categorised as: pornography, racial hatred, extremism, gaming and sites of an illegal nature. Schools should also be aware of the filtering detecting other safeguarding issues, such as self harm, serious violent crime or issues with county lines grooming.
- The filtering system blocks all sites on the [Internet Watch Foundation](#) (IWF) list.
- All school devices should be connected to a filtered feed. If a school device needs access to additional content, for instance to manage official social media, the filter settings for that device or user should be modified to allow access to that content.
- We work with **ICTSS** to ensure that our filtering policy is continually reviewed.
  
- If learners discover unsuitable sites, they will be required to:
  - Turn off monitor/screen and report the concern immediate to a member of staff.
  - The member of staff will report the concern (including the URL of the site if possible) to the DSL (or deputy) and/or technical staff.
  - The breach will be recorded and escalated as appropriate.
  - Parents/carers will be informed of filtering breaches involving their child.
- Any material believed to be illegal will be reported immediately to the appropriate agencies, such as the UK Safer Internet Centre, Durham Police or CEOP.

### iii **Monitoring**

- We will appropriately monitor internet use on all setting owned or provided internet enabled devices. This is achieved by:
  - Physical monitoring (supervision), monitoring internet and web access reviewing logfile information
  - ***Smoothwall provides reports about usage that could potentially indicate an issue which requires further investigation. Alerting e-mails are sent to The Headteacher (Insert appropriate person here) who then takes appropriate action.***
- If a concern is identified via monitoring approaches we will:
  - *The DSL or deputy will respond in line with the child protection policy.*
- All users will be informed that use of our systems can be monitored and that all monitoring will be in line with data protection, human rights and privacy legislation.
